Data Protection Policy Statement

Global Capital Consultant Ltd is fully committed to full compliance with the requirements of the General Data Protection Regulation. Global Capital Consultant Ltd will therefore follow procedures which aim to ensure that all employees, elected Members, contractors, consultants, partners or other servants or agents of Global Capital Consultant Ltd (collectively known as data users) who have access to any personal data held by or on behalf of Global Capital Consultant Ltd are fully aware of and abide by their duties under the General Data Protection Regulation

Statement of Policy

Global Capital Consultant Ltd needs to collect and use information about people with whom it works in order to operate and carry out its functions. These may include members of the Company, and staff of Investment Providers. In addition, Global Capital Consultant Ltd may be required by law to collect and use information in order to comply with the requirements of central government. This personal information must be handled and dealt with properly how ever it is collected, recorded and used and whether it is on paper, in computer records or recorded by other means.

Global Capital Consultant Ltd regards the lawful and appropriate treatment of personal information as very important to its successful operations and essential to maintaining confidence between Global Capital Consultant Ltd and those with whom it carries out business. Global Capital Consultant Ltd therefore fully endorses and adheres to the Principles of the General Data Protection Regulation.

Handling personal/special category data

Global Capital Consultant Ltd will, through management and use of appropriate controls, monitoring and review:

- Use personal data in the most efficient and effective way to deliver better services
- Strive to collect and process only the data or information which is needed
- Use personal data for such purposes as are described at the point of collection, or for purposes which are legally permitted
- Strive to ensure information is accurate
- Not keep information for longer than is necessary
- Securely destroy data which is no longer needed
- Take appropriate technical and organisational security measures to safeguard information (including unauthorised or unlawful processing and accidental loss or damage of data)
